Aaron Nader

Software Engineer — www.aaronnader.com

Utah — 801-735-3416 — aaronnader1996@gmail.com — github.com/AaronNader96

Experience

Software Engineer — DISCOVER BANK   *February 2023 - Present*

- Identified system and software issues, evaluated troubleshooting options, and developed solutions.

- Designed, coded, tested, and deployed new features and functionality using CI/CD best practices.

- Developed applications using Node.js, JavaScript, and React.

- Utilized SQL for database management.

- Produced clean, error-free code to meet aggressive timelines.

- Tested and validated programs to enhance applications and improve performance.

- Collaborated with QA team to validate adherence to company and client quality standards.

- Implemented Agile Methodologies using Jira.

- Performed sprint planning, execution, and review within the software development life cycle.

Software Engineer Intern — SALT LAKE COMMUNITY COLLEGE *Jan 2023 – May 2023*

- Implemented changes to make websites more successful, functional, and usable.

- Deployed web capabilities to assist with data life cycle management.

- Developed web applications using SQL, PHP, HTML, CSS, jQuery, and JavaScript.

- Evaluated code to verify compatibility with browsers, devices, and operating systems.

- Established design guidelines, standards, and best practices to learn and assist with the web design department.
